## **What to bring:**

Clothes for layering. Weather is mostly in the seventies, but occasional sweat pants and jackets are needed. You may like to have a skin suit for the boat and warm close for the boat too. An extra towel is a good idea. Plenty of sunscreen, money and a credit card for extras, bonine for the boat ride are necessary for most. You can rent snorkel gear or bring your own. Bathing suit(s) of course. Consider a hat to protect your scalp from the sun and have some lotion and aloe with you. Musical instruments and CDs are welcomed. Some of the inter-island flights have a weight restriction on suitcases so check with your own airline when going on an inter-island flight as part of your traveling. Swimming shoes, flip flops or sandals, casual wear, yoga clothes, and if you like to dress up: dresses and nice shirts. Other than that, whatever is regular for you during a summer week is what you will need.

### **What else to know:**

Aloha Friends:

This is a very sacred trip offering you a portal to a whole new reality in realms where the angels, benevolent light beings, animals, people, elements, master teachers, and nature live in community in JOY, BLISS and ONENESS! This can bring up anything that is not love, joy, bliss and oneness for cleansing in a delightful way that will require your whole heart and soul focus.

We ***invite*** (we do not insist) you to turn off the cell phones and emails for five nights and four days unless to use to share about your experience with a beloved or to handle necessary life matters. This is for you to have time to focus socializing time on deepening the heart and authentic sharing of yourself coupled with the witnessing of others' shares of the heart, and refrain from using any alcohol or drugs. We assure you that rewards in doing so are wonderful as previous participants will say! If you absolutely have to make a mandatory life depending phone call please do so in your car with the windows closed so as not to disturb others.

Please do not make ANY plans for the duration of the Hawaii seminar. It is sweetly packed and intense, and you will NEED your down time for integration. It is a very focused seminar, full and wonders. We invite you to share fully with the other members and get back in touch with life outside the womb AFTER YOUR BIRTH THAT WILL OCCUR DURING THE SEMINAR AND SETTLE IN BY THE LAST MORNING.

Public Satsangs are offered and open to the public from time to time during our evening gatherings so some times you can meet people of Hawaii and sometimes from around the world. Please feel 100% FREE to use Laurie's time during the Satsangs when she calls for support needs. The Satsangs are for you. Please email us any special food needs asap so we can prepare.

Assistants will be in the house to help you in Hawaii. At each seminar there will be one assistant designated to receive all needs, questions, etc. This person will deliver your communication to the appropriate channel immediately. Please only approach Dr. Laurie for assistance when she is in the seminar session or class

teaching. She is there to give you her undivided, impeccable attention during scheduled times and needs her in between times for other things.

Please do not approach Erin when she is cooking so that she can give her undivided attention to making delicious meals of love!

Schedules may change if spiritual, emotional, physical or practical group needs require such. Schedules can also change if the dolphins change their plans or the weather requires.

Please choose an intention for your trip. We invite you into a glorious world of unconditional love, abundance and awakening!

Hawaii is an ever changing reality so be prepared to go with the flow should the weather, the dolphins, the spirit, or the group needs lead to a plan change.

Love, Laurie
