What to bring:

Clothes for layering. Weather is mostly in the seventies, but occasional sweat pants and jackets are needed. You may like to have a skin suit for the boat and warm close for the boat too. An extra towel is a good idea. Plenty of sunscreen, money and a credit card for extras and non-meal days, Bonine for the boat ride are necessary for most (Can be purchased at drug stores). You can rent snorkel gear or bring your own. Bathing suit(s). Consider a hat to protect your scalp from the sun and have some sunscreen lotion and aloe with you. Musical instruments and CDs are welcomed. Some of the inter-island flights have a weight restriction on suitcases so check with your own airline when going on an inter-island flight as part of your traveling. Swimming shoes, flip flops or sandals, casual wear, yoga clothes, and if you like to dress up: dresses and nice shirts. Other than that, whatever is regular for you during a summer week is what you will need.

What else to know:

Dearest Participants:

It is my profound joy to welcome you on this retreat, heart to heart, soul to soul, personalities shared to celebrate and cherish.

While it is your own decision to make, I invite you to go inside your heart throughout the retreat. Allowing this precious time for inner inquiry, will take you into a priceless deepening into yourself. This will allow you to use retreat time to go deep within. This is a life opportunity to awaken and surrender into new regions of your own consciousness, which is the universal love.

In Great Gratitude,
Dr. Laurie
